MORTE DE IRACEMA

1.ª Parte
José de Alencar
Descamba o sol.
Japi sai do mato e corre para a porta da cabana. Iracema sentada com o filho no colo...

Vendo o animal, fiel mensageiro do esposo, a esperança reanima seu coração; quer erguer-se para ir ao encontro do seu guerreiro, senhor, mas os membros débeis se recusam à sua vontade.

Caiu desfalçada contra o esteio. Japi lambia-lhe a mão fria e pulava travesso para fazer sorrir a criança, soltando uns doces latidos de prazer. Por vezes afastava-se para correr até à orla da mata e latir chamando o senhor; logo tornava à cabana para festejar a mãe e o filho.

Por esse tempo pisava Martim os campos amarelos do Tauape; seu irmão Poti, o inseparável, caminhava a seu lado.

Oito luas havia que ele deixara as praias de Jacaréanga. Vencidos os guaracianás, na baía dos Papagaios, o guerreiro cristão quis partir para as margens do Mearim, onde habitava o bárbaro aliado dos Tupinambás.

Poti e os seus guerreiros o acompanharam. Depois que transuseram o braço corrente do mar que vem da serra de Tauatinga e banha as várzeas onde se pesca o piaú, viram, enfim, as praias do Mearim e a velha taba do bárbaro tapuia.

A raça de cabelos do sol cada vez ganhava mais a amizade dos Tupinambás; crescia o número dos guerreiros bravacos, que já tinham levantado na ilha a grande itaoca para despedir o raio.

Quando Martim viu o que desejava, tornou aos campos de Poranabá, que ele agora trilha. Já ouviu o rono do mar nas praias do Mosoripe; já lhe bafeja o rosto o sopro vivo das vagas do oceano.

Quando mais seu passo o aproxima da cabana, mais lento se torna e pesado. Tem medo de chegar; e sente que sua alma vai sofrer, quando os olhos tristes e magoados da esposa entrarem nela.

Há muito que a palavra desertor seu lábio seco; o amigo respeita este silêncio, que ele bem entendeu. É o silêncio do rio, quando passa nos lugares profundos e sombrios.

Tanto que os dois guerreiros tocam as margens do rio, ouviram o latir do cão, a chama-lhos, e o grito da ará que se lamentava. Estavam muito próximos da cabana, apenas próxima da língua de maroçulta por uma língua de maroçulta. O cristão parou, calcando a mão no peito para sofredor o coração, que saltava como o poraquê.
